

SHOUT ABOUT YOUR VOLUNTEERING

Hi, I'm Clare and I give my time as a trustee to Age UK Merton.

I was asked to join about a year ago when Age UK Merton was going through a massive change and uncertain times.

Being a trustee is the perfect opportunity to combine my business skills and my desire to enable as much support as possible to be available to older people.

I set up my own business 'Home Instead' four years ago with only my experience of poor care for my parents, instinct and a desperate desire to make a difference as my guide.

After being a trustee for six months, I was witness to why I believe in Age UK Merton and want to support them. At an away day for staff, volunteers and trustees, I got to know the people who do such a fantastic job and learned more about the services and support they offer.

I knew Age UK Merton was brilliant, I just hadn't realised quite how brilliant!

Giving my time in an already busy week is often a bit of a juggling act, but I can honestly say, it is so worth it - being a volunteer for Age UK Merton is an absolute privilege.

I Volunteer - Why Wouldn't You?
