

Employment

**with Daniela Woolston, Employment Advisor –
Merton Employment Team;
Annie Brine, Merton Project SEARCH Coordinator –
St. George’s Hospital and
Nick Walsh, Operations Manager – Nickel Support**

Information on the help & support available for people with learning disabilities (LD) in finding work & gaining new skills. Merton’s Employment Team help people with LD into employment by providing support & guidance with CV writing, job applications, interview skills, a job club & more.

The Project SEARCH programme is a nine-month training & employment opportunity for adults aged 18-24 with a LD, which takes place at the St George’s Hospital site.

Nickel Support is a local LD service creating employment opportunities for adults with LD through their supported social enterprises.
